

Natural Cat Litter

Soft Texture

Also Available: Grain Texture

Kitten 2-12 months **Adult 1+ year** **Senior 7+ years**

Almo Nature Cat Litter Soft Texture is a wholly natural, biodegradable, compostable cat litter manufactured from plant fibre, which can also be disposed of directly in the toilet* thus helping reduce the amount of unsorted solid waste. As soon as the cat's urine comes into contact with our plant fibres the starch contained in them forms stable clumps while enzymes neutralise the accompanying unpleasant odour leaving both the litter box and leftover litter clean and odour-free. Our cat litter is free of dust particles, silica, synthetic chemicals and clay. Have your cat try it: you'll be thrilled too! The recyclable plastic bag if disposed of correctly can be reused for more packaging. Almo Nature Cat Litter Soft Texture - plant fibre cat litter - available in 2.27 kg and 4.54 kg bags. Almo Nature is the activist pet food brand owned entirely by Fondazione Capellino. *Always refer to local regulations. Always dispose only of the single clumps.
