

HFC Kitten with Chicken

Also Available:

Kitten 2-12
months

Complete

55 g

70 g

150 g

HFC Kitten wet food recipe is prepared with HFC ingredients, that is, originally fit for human consumption and now used in our recipes for kittens. The same quality as we would choose for ourselves. Complete wet food formula made with HFC ingredients from high biological value protein sources and rich in added minerals and vitamins for balanced growth from 2 to 12 months. Free from artificial preservatives and colours. Almo Nature recommends rotating recipes regularly, by offering different protein sources and wet and dry recipes to ensure a varied diet and cater for even the most finicky of feline palates! The plastic and aluminium pouch, chosen for proper product storage, can be reused to produce energy if disposed of correctly. HFC Kitten – soft, tender texture, ideal for kittens – available in 55 g pouches. Almo Nature is the activist pet food brand owned entirely by Fondazione Capellino.

Human Grade

Gluten Free

Range HFC Kitten	Product Name with Chicken	Type Wet	Weight 55 g
Made in TH	Product Code 5840	EAN 8001154126310	Bar code 18001154126317
