HFC Natural Multipack recipes are prepared with HFC ingredients, that is, originally fit for human consumption and now used in our recipes for cats. The same quality as we would choose for ourselves. Complementary wet food formulas made with HFC meat or fish. Cooked in their original broth, they are ideal for keeping your cat naturally hydrated. Almo Nature recommends rotating recipes regularly, by offering different protein sources and wet and dry recipes to ensure a varied diet and cater for even the most finicky of feline palates! Both plastic packaging and plastic and aluminium pouch, chosen for proper product storage, can be reused, if disposed of correctly, for more packaging and to produce energy, respectively. HFC Natural Multipack – 3 different HFC Natural recipes – available in pouches, 55 g 6 pack Almo Nature is the activist pet food brand owned entirely by Fondazione Capellino.
