

# VITAMIN C

DYNAMISM & WELL-BEING

## ACTIONS

- ✓ Helps prevent deficiencies in vitamin C  
*This deficiency is frequent among guinea pigs, that do not synthesise vitamin C themselves*
- ✓ Helps improve your pet resistance and dynamism
- ✓ Helps keep your rodent in good shape

## INGREDIENTS

### VITAMIN C

Vitamin has antioxydant as well as detoxifying proprieties, and plays a critical role in the proper functioning of the organism. It helps maintain the energy metabolism, improves dynamism and helps reduce fatigue. **Vitamin C deficiency can cause disorder and diseases, such as scurvy.**

## DIRECTIONS FOR USE

Shake before use. Dilute the recommended dose **in drinking water once a day**. For a daily use, administrate 6 drops with 100ml water. **Triple this dose during 10 days in case of disorders, or during gestation and lactation periods.** It is recommended to not exceed the indicated daily doses. Vitamin C cannot substitute a varied diet or medical treatment. Keep out of the reach of children. Store in a cool and dry place. Suitable for guinea pigs and rabbits. Ask your vet for advices.
