Adult 1+ year **Complementary**

HFC Natural recipes are prepared with HFC ingredients, that is, originally fit for human consumption and now used in our recipes for cats. The same quality as we would choose for ourselves. A range of complementary wet food formulas made with HFC meat or fish. Cooked in their original broth, they are ideal for keeping your cat naturally hydrated. Almo Nature recommends rotating recipes regularly, by offering different protein sources and wet and dry recipes to ensure a varied diet and cater for even the most finicky of feline palates! Both the tin packaging and paper label are recyclable and, if disposed of properly, can be reused for more packaging. HFC Natural – HFC meat or fish fillets in their natural broth – available in 150 g cans, ideal for owners of multiple cats. Almo Nature is the activist pet food brand owned entirely by Fondazione Capellino.
