Adult 1+ year **Complementary**

HFC Jelly recipes are prepared with HFC ingredients, that is, originally fit for human consumption and now used in our recipes for cats. The same quality as we would choose for ourselves. A wide range of complementary wet food formulas made with HFC meat or fish. Cooked in their original broth, free from artificial additives or colours and balanced with vegetable jelly, which helps hairballs pass through your cat's system. Almo Nature recommends rotating recipes regularly, by offering different protein sources and wet and dry recipes to ensure a varied diet and cater for even the most finicky of feline palates! The plastic and aluminium pouch, chosen for proper product storage, can be reused to produce energy if disposed of correctly. HFC Jelly – delicious jelly HFC meat or fish fillets – available in 55 g pouches. Almo Nature is the activist pet food brand owned entirely by Fondazione Capellino.
