HFC Natural Plus recipes are prepared with HFC ingredients, that is, originally fit for human consumption and now used in our recipes for cats. The same quality as we would choose for ourselves. A range of complementary wet food formulas made with up to 98.5% HFC meat or fish, the ideal Plus for your cat! To both enhance its smell and preserve flavour and nutrients, meat or fish are packaged fresh and steam cooked inside the pouch. Almo Nature recommends rotating recipes regularly, by offering different protein sources and wet and dry recipes to ensure a varied diet and cater for even the most finicky of feline palates! The plastic and aluminium pouch, chosen for proper product storage, can be reused to produce energy if disposed of correctly. HFC Natural Plus – 7 recipes made from HFC meat or fish fillets – available in 55 g pouches. Almo Nature is the activist pet food brand owned entirely by Fondazione Capellino.
