

HFC Complete

North Atlantic Mackerel

Also Available: Irish Angus Beef with Green Beans Icelandic Lamb with Carrots
Ham with Peas North Atlantic Pollock Free Range Chicken with Zucchini

Adult 1+ year Complete

85 g

HFC Complete recipes are manufactured from HFC ingredients, that is, originally fit for human consumption and now used in our recipes for dogs. The same quality as we would choose for ourselves. Meat or fish and vegetables, supplemented with minerals and vitamins to provide your dog with a varied diet and everything they need on a daily basis. Complete wet food recipes for adult dogs that won't eat kibble (small breeds, with teething problems or finicky). Almo Nature recommends rotating recipes regularly, by offering different protein sources and adding a small quantity of wet food recipe to ensure a varied diet and cater for all dogs. The aluminium packaging is recyclable and, if disposed of properly, can be reused for more packaging. HFC Complete – grain-free soft texture recipes – available in 85 g trays. Almo Nature is the activist pet food brand owned entirely by Fondazione Capellino.
